

THREE THINGS YOU NEED..

"Kentuckian"

A virile, newsy newspaper with the interest of the entire community at heart. Issues of the day are handled without fear or favor. You will find in this paper an up-to-date department for each member of the family. Clean, honest, straightforward—it is a paper your family should not be without.

Technical World Magazine

is the one magazine that not only entertains in a fascinating manner, but which also instructs. It is the magazine for the busy business man, or for the person who wants to fill away a summer's afternoon, and be agreeably informed at the same time. It is profusely illustrated, and tells in a simple and interesting way of the discoveries of scientists, the achievements of inventors, the feats of engineers and explorers, and the opening of every new field of human endeavor. What Jack London says:—"I have just chanced upon my first copy of TECHNICAL WORLD MAGAZINE. There isn't anything like it. I want more, and I cannot wait for them to come, so I am sending you herewith check for which please enter my subscription and send me immediately the last two years' back numbers."

A Fine Atlas

This one is just off the presses. This is the year to obtain a new atlas. The 1910 Census has just been completed, this atlas contains the official figures, 128 pages of 3 color maps brought right down to date—every map giving the results of the most recent surveys. All railroads are shown and named and maps of all large cities are included. There are 21 double page maps showing in detail portions of the U. S. and Canada. Dimensions 10 1/2 x 14 1/2. Bound in soft linen—Silver Leaf Title—printed on heavy plate paper. Sells regularly for \$3.00. A splendid gift.

ALL THREE Only \$3.80

Special arrangement with Technical World Magazine and the publishers of this Atlas make this offer possible. But it is very strictly limited. You must act immediately.

REAL MASTER OF LANGUAGES

Applicant for Place as Tutor Said He Could Speak Philately Like a Native.

Sixty years ago there appeared in the newspapers notice of the dissolution of a scholastic partnership in the neighborhood of London, which was signed by one of the teachers of youth with his mark.

Disclosures of this sort do not often hit one in the face nowadays; but a northern schoolmaster came near to falling a victim to effrontery of a somewhat similar character the other day.

Being in urgent need of a tutor, he opened up negotiations with a "master of languages" whose invaluable services were on offer in the columns of a London newspaper.

Could he speak French? the schoolmaster demanded of this paragon. Oh, yes, fluently. Had he a nodding acquaintance with Italian? Indeed, he had—was excellently well versed in it, in fact.

These answers pleased the schoolmaster mightily, but he was an enthusiastic stamp collector, and preferred to have, if possible, a tutor with corresponding tastes; so he telegraphed the question:

"Have you any knowledge of philately?"

And back came the triumphant answer:

"Can speak it like a native, sir!" The negotiations ended abruptly.

WHEN WOMAN WAS SOLDIER

David Lloyd-George Says That Her Reputation in Battle Stands Very High.

They say you cannot make good soldiers out of women. You have never tried. There was a race at one time, I believe, that had an army of women, and its traditional repute in history stands very high. The women gave up the job; they thought it was better suited to the intellect of men. But after all, men, of course, are better for some tasks; women are better for others equally important. Men make the better soldiers, women make the better nurses. After all, the healing of wounds is a nobler work than inflicting them. What is more, it demands higher qualities of brain and heart.

War, after all, is not a permanent institution. Heaven forbid that it should be. The duel is vanishing, and I think you will see war receding along the same dark road. And if women by their presence on the register, saved us from the infamy of a single war they would have justified their vote before God and man. And when women get the vote, not merely here, but on the continent, for the movement is not confined to this country, I think you will find that the mothers of these great countries will see that the fields of Europe are not drenched with the blood of their sons.—Lloyd-George's Address at Bath.

AFFINITIES OF EXPEDIENCY.

Love, like the smallpox, is most dangerous when you take it the natural way. Those made matches, which heaven is supposed to have a hand in, when placing an unmarried man's property in the neighborhood of an unmarried woman which destine two people for each other in life, because their well-judging friends have agreed "They'll do very well; they were made for each other;" these are the mild cases of the malady; this process of friendly vaccination takes out the poison of the disease, substituting a more harmless and less exciting affection.—Charles Lever.

NOTHING MORE TO SAY.

"John Henry, there is about a half bushel of dirt and ashes to take out of the cellar. I want it done right away."

"Hang it all, can't you let me alone for a minute, Mariar? That job'll take half a day."

"John Henry, I'm surprised at you. A little job like that! Do you know that there are 35,669,715 cubic yards of dirt still to be excavated at Panama?"

"Aw, gimme the shovel!"

ORATORICAL IDEAL.

"That was a fearful long and tiresome speech of yours," said Senator Sorghum.

"I was trying to bring my auditors to a state of conscientious introspection."

"But you are hardly justified in giving them the third degree."

WELL DESERVED.

The Praise That Comes From Thankful Hopkinsville People.

"One kidney remedy never fails. Hopkinsville rely upon it. The remedy is Doan's Kidney Pills. Hopkinsville testimony proves it always reliable."

Mrs. Francis Brown, 204 Fourth St., Hopkinsville, Ky., says: "There is no doubt about Doan's Kidney Pills living up to the claims made for them and you are at liberty to use my name as one who recommends them highly. I was annoyed for years by backache which came on by spells especially severe when I contracted a cold. About four years ago I procured Doan's Kidney Pills at L. A. Johnson's & Co.'s Pharmacy and I was not disappointed with the results. After taking a dose or two I knew that the remedy was acting directly on my kidneys and in a short time my trouble ceased. During the past four years I have used Doan's Kidney Pills occasionally when having similar attacks and in each case they have given me prompt relief. We think a great deal of Doan's Kidney Pills and always keep them in the house."

Remember the name—Doan's—and take no other.

Scotch Dog's Business Instinct.
Left one night on Wagonfire mountain with 3,086 sheep by the death of John Sagoday, her master, one female shepherd dog two weeks later delivered to Manuel Saunders, owner of the sheep, 3,085 of the animals, having lost only one during two weeks of privation. The dog's achievement was carried out despite the fact that she was the mother of puppies only a few days old when her master died.—From Our Dumb Animals.

If you haven't the time to exercise regularly, Doan's Regulents will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25 cents.

Electrify the Pupils.

They are using electricity in primary school education in Stockholm. Just how it is used does not appear, but we are told that the "classroom is subjected to electricity." And records are being kept to ascertain whether the electrically trained youngsters acquire the three Rs with greater precision and dispatch than those that are being brought up on sunlight, common sense and the rod.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Eclectic Oil, monarch over pain.

Process Must Be Slow.

Apples and potatoes when frozen can be restored in good condition if they are thawed slowly. But when thawed rapidly they became flabby and soon decay. The carpets and other covering we place over plants in winter do not prevent their freezing and thawing, but they do prevent their freezing and thawing too quickly. Hence the benefit.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

Had Been in Training.

A man who had undergone a court examination by a lawyer in Chicago without faltering for a second was complimented by the lawyer later for his accurate manner of recalling early and minor episodes of his life. "I was well rehearsed for it," said the witness. "Only yesterday I had to fill out an application for a telephone."

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

Original Home of Honey Bee.
The common variety of bee, known as the honey-bee, is thought by some high authorities to have had its original home among the woods and mountains of central Europe.

Positively Rude.

A rich woman from New York angrily declined to become a patron of a Los Angeles hotel when she was informed that her doggie would not be permitted to receive massage treatments in the barber shop. Aren't some hotelkeepers independent!
